

Special Film Screening:

# Bag It!

## Is Your Life Too Plastic?

Thursday, October 28

Reception 6pm / Film 7pm

New Ocean Art Exhibit: "Beach Babes," startling images of plastic dolls by Christine Guinness

MERI Center for Marine Studies, Blue Hill, Maine

**Just where do plastic bags end up?** And at what cost to the environment, marine life, and human health? Join MERI for a screening of this award-winning new film, which strikes deep at the heart of our cultural love affair with disposable plastics. Each year, the average American uses 500 plastic bags. But you can help your family or business kick the plastic habit! After the film, we'll showcase ways to put a lid on all that trash.

**With generous support from the Maine Community Foundation and Maine Coastal Program**

**Marine Environmental Research Institute**
